

FINFOOT LAKE RESORT

GET CLOSER TO NATURE, GET CLOSER TO HOME

Finfoot Lake Reserve is everything you could want in a weekend break or week-long holiday. Located near Johannesburg (only 90 minutes' drive), that much-needed slice of peace and quiet is within easy reach for travellers seeking to escape the urban jungle.

This lodge near Johannesburg is naturally crafted from wood and thatch, perfectly complimenting the surrounding woodlands and foliage. Finfoot Lake Reserve offers two accommodation options: comfortable chalets or a stylish self-catering villa located close to the Vaalkop Dam, which is ideal for families and groups of friends celebrating a special occasion.

The large thatched lapa serves as the main hub at Finfoot Lake Reserve. This open-sided, breezy building is home to the camp's bar and cosy lounge areas where most meals are served. Descend a few steps out onto the sun deck, where there's plenty of seating to sit back and soak up the view. The swimming pool is a popular spot for those looking to put their feet up with a cocktail or two.

Finfoot Lake Reserve is true South African hospitality at its best. The conference centre caters for up to 60 delegates if you are looking for a venue to host your next event. We can arrange a number of interactive team building activities too.

Set within the tranquil Greater Pilanesberg area and a short drive from Johannesburg and Pretoria, you will still find yourself in the heart of the action as this is a place of plenty when it comes to activities. Bring your bike, go for a paddle on the lake. Try a bush walk or game drive, delight in a sunset barge cruise, or how about taking on the Segway safari if you're up for a bit of fun?

This is an easy way to stretch your legs while staying at Finfoot Lake Reserve. You'll definitely learn a thing or two as our qualified walking guides teach you about the smaller creatures of the reserve as well as the medicinal uses of significant plants, herbs and trees.

The dam is well known for its fly and bait angling. It offers diverse species: Carp; Yellow; Kurper; Barbel. Guests can rent equipment from the lodge.

This lodge setting near Johannesburg provides a stunning backdrop for bird sightings as a myriad of species congregate around the surrounding bush and lake area during the day. Keep your eyes

peeled for African skimmers and Kingfishers and listen out for the unmistakable call of the Fish eagle that can sometimes be heard.
